

PRESIDENT HOOVER WILL BE IN DIXON SATURDAY

VOTERS IN TWO PRECINCTS WILL HAVE TO HUSTLE

Over Thousand Voters Registered In Both Ninth, Eleventh

The registration books in two Dixon precincts, which were completed Tuesday, brought to the attention of the election judges and clerks, the importance of taking immediate action to increase the number of polling places in Dixon township. At the same time the election officials in the ninth and eleventh precincts are outlining plans where every registered voter may cast his ballot at next Tuesday's election.

In the eleventh precinct it will be necessary for a ballot to be voted every 36 seconds in order that all of the voters registered may cast their ballot. The registration in that precinct, one of the largest in the state, totaled 1,025. The judges of the precinct have figured out that it will require the casting of a complete ballot every half minute in order for every registered voter to vote. The precinct will have five voting booths. The judges and clerks are anxious to poll the entire vote and today appealed to the voters of the precinct to start as early as possible in the morning to cast their ballots and thus prevent a long up of voters at the closing hours.

An unsuccessful effort was made two years ago to secure another precinct in the northeast section of Dixon township. In the ninth precinct an almost identical condition has been found to exist.

Ninth Also Big

The poll books when closed last Tuesday showed a registration of more than 1,000 voters. In the past the precinct has been equipped with three booths, although the judges have made application for five for next Tuesday's election. The precinct covers the northwest section of Dixon and all of Swissvale and is a close competitor of the eleventh precinct for resident voters. It is estimated that in order to cast the entire vote as registered it will be necessary for a ballot to be voted every 40 seconds next Tuesday and as in the case of the eleventh precinct, the judges have appealed to the residents within the precinct to cooperate by voting as early as possible and thus avoid a piling up of voters at the closing hours. There is danger of some not being accommodated. The law permits the opening of the polling places at 6 o'clock in the morning and the closing hour is 5 o'clock in the afternoon.

State Candidates To Meet President

Len Small, nominee for governor, and all the other Republican state candidates, have been invited to attend the Hoover meeting at Springfield on Friday and sit on the platform with the President, who will make the only address of the meeting. Franklin J. Stranksy, chairman of the Republican state central committee, will preside at the Springfield meeting. Special trainloads of Republicans will go to the capital from Chicago, reservations for forty cars having been filed in two hours time today.

Stratton's Office Makes Fine Report

COMMITTEE TO GIVE REPORT ON DIXON KITCHEN

Hope To Have It In Operation By Middle Of This Month

The committee appointed by the officers of the Dixon Loyalty League to take charge of the establishing of a Community Kitchen, reported today having completed their investigation and are ready to report in detail at the meeting which has been called for Friday evening at the city hall. Two buildings are being considered, either of which will be donated.

Members of the committee stated today that several of the merchants have offered to donate equipment for the kitchen, and with the final approval of the plan at the meeting Friday evening, the committee expect to be able to open the kitchen not later than Nov. 15. A canvas has developed the fact that it will be necessary to provide food for about 300 per day, this to include school children, many of whom seem to be in need of more nourishing things than they are getting at the present time.

Supervisor D. H. Spencer and President H. S. Nichols of the school board are assisting the committee in working out the plans. Any one who has large cookers, soup bowls and other equipment suitable for use in the kitchen, and who is willing to donate these, will please telephone Frank Chiverton, phone 157, who will make arrangements for the collection.

Lost Fingers In Picking Machine

Louis Bontz, a farmer, residing five miles south east of Harmon, is a patient in the Dixon public hospital, following a painful accident which he sustained Tuesday morning, while picking corn with a mechanical picker in a field near his home. The thumb and parts of three fingers of his right hand were so badly torn that it was necessary to amputate when he was brought to the hospital.

Mr. Bontz was riding on the corn picking machine when a stalk became caught in the gears. Turning in the seat, he reached into the mechanism to dislodge the stalk and his fingers were caught in the rollers and pulled into the machine, crushing them so badly that it was necessary to amputate the thumb and parts of three other fingers on the right hand.

Ruth Nichols, Society Aviatrix, ESCAPES INJURY WHEN HER PLANE CRACKS UP AT START 'HOOVER' TRIP

New York, Nov. 3—(AP)—Lightning action saved Ruth Nichols, aviatrix, from probable death early today when her plane smashed up on the take-off of a transcontinental campaign flight for President Hoover. She was not injured.

As the plane, freighted with a large supply of gasoline, shot down a 3,000 foot runway at Floyd Bennett field, it skidded off at 60 miles an hour, went into a ground loop and buried its left wing in the ground.

Before the craft struck, Miss Nichols cut her ignition switch, preventing her gasoline from

THREE BANDITS INVADE OREGON HOME LAST EVE

Bound Four Occupants Of House: Escaped With \$350 Cash

Authorities of northern Illinois have been asked to search for three youthful bandits who invaded the home of Louis Laskos of Oregon at 11:15 o'clock Wednesday night, bound and gagged Laskos, his wife, son, and daughter, and escaped with \$350.

The gunmen are believed to have fled in an automobile driven by an accomplice. Mrs. Laskos allowed the bandits to enter the house after one of them asked to see her husband. Flourishing revolvers, they forced Mr. and Mrs. Laskos and their daughter, Cecilia, 9, to go into the basement. When they heard Laskos' son, Frank, 15, in an upstairs room, they ordered him to come down.

While one stood guard with revolver leveled, the two other bandits tied handkerchiefs around the mouths of their four victims. When Mrs. Laskos, who has not completely recovered from a serious operation, resisted, one of them knocked her down. The gunmen then bound the hands and feet of their victims with copper wire.

Before leaving, the bandits ransacked the house and uncovered the \$350 which had been concealed in a first floor room.

A few minutes after the gunmen departed, Cecilia Laskos managed to escape from her bonds and released her father. Laskos notified Sheriff Frank B. Murray. The Laskos home is at 106 S. 2nd street, a block from the Oregon business district. Laskos described the robbers as being very young and extremely dark complexioned.

Nevada Is Short Of Gold, Silver

Reno, Nevada, Nov. 3—(AP)—Nevada, whose gold and silver mines once poured out millions, went about its business today with very little gold and silver available as officials sought to straighten out the state's tangled banking situation.

Accounts of the George Wingfield chain of 12 banks, closed until November 12 under a business holiday proclamation of the Governor, were in the hands of two agents of the federal Reconstruction Finance Corporation. At the conclusion of their investigation, the agents, A. R. LeRoy and John K. McKee, are expected to make a recommendation to the corporation on Wingfield's request for a \$2,000,000 loan.

Reno's gambling establishments managed to keep up a semblance of business and divorce seekers continued to arrive. The only bank still open, the First National, was meeting some of the business requirements and the safe at police headquarters were pressed into service to guard money and valuables.

Milk Poisoning Is Suggested In Report

Arthur, Ill., Nov. 3—(AP)—Milk poisoning was suggested today in an autopsy report of a St. Louis laboratory as the cause of the death of two children of Mr. and Mrs. Walter Odle.

The report was made to a Mattoon physician attending three other children who showed symptoms. It was based on examination of the spleen, liver and kidneys of one of the dead boys. All three organs showed evidence of poison.

Pearl, 5, rejoined her parents and elder brother, Noel, at the home of relatives in Mattoon today. Dale, 9, and Ralph, 3, remained in a hospital. Noel has shown no signs of illness. He and his father go to their farm near here daily to husk corn but use no water or milk while there.

KYW MAY BE MOVED

Washington, Nov. 3—(AP)—Elmer W. Pratt, an examiner, today recommended to the Radio Commission that state KYW of Chicago be permitted to move to Philadelphia.

At the same time the examiner recommended that the application of a number of other stations for the facilities of KYW be denied.

Circuit Judge Is Victim Of Crash

Harrisburg, Ill., Nov. 3—(AP)—Circuit Judge Charles H. Miller of Benton and Walter Kimsey, former Food Administrator under Gov. Len Small, are in a Pinckneyville hospital today with injuries received in an automobile while en route to Cutler for a political meeting last night.

The automobile in which Judge Miller and Kimsey were riding crashed into the side of a Missouri Pacific train near Pinckneyville. Judge Miller was painfully but not seriously hurt. Kimsey escaped with bruised knees.

The hand and forearm were torn to shreds before the arm could be extricated and he was rushed to the Dixon public hospital. It was necessary to amputate the arm at the elbow on account of the torn condition of the flesh and bones. Mr. Grobe suffered the loss of a great deal of blood before he reached the hospital but reports this morning indicated that he was resting as comfortably as could be expected.

catching fire and burning the plane and herself.

Carrying boxes of campaign literature to drop en route, Miss Nichols was to have sped non-stop to the west coast in an attempt to break the record of Amelia Earhart.

The Strangest Bedfellows Politics Ever Made!

—By Gale in The Los Angeles Times

THINK!

Now, more than at any time in the history of the United States, is there need for clear thinking on the part of every citizen.

The issues of the national campaign must be carefully thought out and analyzed by the individual voter if our form of government is to be preserved. There must be solidarity of intelligent thought and purpose.

There is no place, either in economics or politics, for mob rule, and the mob-mind is the parent of mob rule. Too many people fail to exercise their God-given right to think and reason for themselves and are carried away from the real issues by will-o'-the-wisp sophistries offered in the place of sound workable principles.

Any fair-minded person knows that the administration at Washington had no part in bringing about the conditions that resulted in world wide economic depression and all the suffering that followed in its wake.

President Hoover has employed such relief measures as were found to be economically sound, sane and practicable and the success of his efforts is evidenced by the progress that is now being made toward business recovery.

During this strenuous period the President has had to endure unjust vituperation and abuse that would have broken an ordinary man, but he has never faltered in his determination to do everything humanly possible to bring about better conditions. He has refrained from playing "politics."

THINK! You must realize that you owe it to yourselves, your families and your country to vote for the continuation of the administration of President Hoover.

Henry Grobe Lost Forearm In Sheller

Henry Grobe, Sr., aged 53, residing on the Ralph Johnson farm west of Dixon on the Lincoln Highway, suffered a severe injury yesterday afternoon about 4 o'clock, while assisting at the home of his son, Ray Grobe, two and one-half miles south of Dixon on the Dutch road. Mr. Grobe was engaged in feeding a corn shredder, when in some manner, his right hand was caught in the mechanism and was drawn into the knives.

The hand and forearm were torn to shreds before the arm could be extricated and he was rushed to the Dixon public hospital. It was necessary to amputate the arm at the elbow on account of the torn condition of the flesh and bones. Mr. Grobe suffered the loss of a great deal of blood before he reached the hospital but reports this morning indicated that he was resting as comfortably as could be expected.

MAN AND WIFE ARRESTED FOR KIDNAP SCHEME

Lawrenceville Couple Admit Plot, Officers Declare

Lawrenceville, Ill., Nov. 3—(AP)—Two automobile loads of officers yesterday arrested David F. Montgomery, 41, and his wife, in a trap the officers laid for them after they kidnapped Dr. R. R. Trueblood of Lawrenceville Tuesday and attempted to extort \$5,000 from him.

The Montgomerys released the physician a few hours after kidnapping him, on his promise to take \$5,000 to a designated place on the highway and throw it into Montgomery's automobile as it passed by.

Dr. Trueblood informed State Attorney Guy McGaughey, who set a trap. At the appointed hour two autos loaded with deputies converged on the Montgomerys who surrendered.

Officers said they admitted the plot. They were charged with kidnapping for ransom, the maximum punishment for which is death, in Illinois.

A note was found in the Montgomery home by deputies requesting that their property be given to his brother and sister in case of the death of the Montgomerys.

Dr. Trueblood was kidnapped as he stepped out of his car in front of his office. Montgomery forced him into his car and drove to a lonely road where the ransom demand was made.

He was brought to the Dixon public hospital, where it was found necessary to amputate one of the fingers which had been terribly mangled.

Dixon Woman Is Bequeathed \$2000

(Special to the Telegraph)
New York, Nov. 3—Mrs. Emma Zoeller of 820 West Sixth Street, Dixon, Ill., is left a legacy of \$2,000 from the estate of her cousin, Augusta Vedin, late of New York, a State Transfer Tax Department report disclosed today.

The testatrix left her residuary estate of \$95,364 to the Swedish Lutheran Church of New York with the pastor, Rev. Maurice Stojas as administrator.

Miss Vedin died January 10, this year leaving an estate which was appraised today as \$128,213 gross value, \$113,992 net. H. E. Almburg, Hope K. Thompson and Ethel D. Brown are executors.

Gangsters Failed To Win Releases

Chicago, Nov. 3—(AP)—It was a most distressing situation for 12 men described by police as being among the city's most impressive gangsters. For they were unable to win their freedom on a writ of habeas corpus, and they had to spend the night in police cells.

So what did two of them do but send out messengers for silk pajamas—and headache tablets.

The two who did this were Murray Humphries and William (Three Fingers Jack) White, alleged racketeers.

Chief of Detectives Schoemaker told Judge Rudolph Desert, who refused to release the men yesterday, that he wished to have witnesses to several slayings view the prisoners.

He disclosed his purpose of "coming home to vote" in a speech broadcast last night on the Pacific coast appealing for support from the voters of California, Oregon and Washington, and telling them that under a Democratic regime their "products will rot on the farms and in our forests."

Before his speech, White House officials made public a telegram by the President terming statements that he had changed his position on prohibition since his speech of acceptance "misrepresentations" and asserting that "my position is unaltered."

The telegram was in reply to one from Edward C. Stokes of Trenton, chairman of the New Jersey Re-

TONIGHT—8:30—WENR—Fannie Hurst and Daniel J. Tobin. 9:00—WBBM—Gov. Roosevelt and Owen D. Young.

Dixonites may have an opportunity of seeing President Herbert Hoover early Saturday morning. It was announced today that the President's special train which will take him from St. Louis to St. Paul will pass through Dixon at 7 o'clock that morning; and U. S. Senator Otis F. Glenn, who will be with the Chief Executive, has promised to request Mr. Hoover to appear on the platform of the rear car of his train at the south side station, if he is up; and Senator Glenn adds, "The President is regularly a very early riser." If Mr. Hoover is awake the train will stop it is believed.

The Telegraph, in an effort to secure assurance that Mr. Hoover will appear here, communicated at once with Judge Franklin J. Stranksy, chairman of the Republican State Committee, who will meet the President at Gary, Ind. tomorrow and remain with him throughout the day.

Judge Stranksy promised to request the President to make an appearance in Dixon, if he has arisen by the time the train reaches this city, and he will notify this paper as soon as he receives such assurance from the Executive.

The Executive's train will leave St. Louis at 10:30 o'clock Friday night, after his speech in that city, with the itinerary for Saturday as follows: 8:30 A. M.: Belvidere 9:35 A. TO HONOR LINCOLN

Springfield, Ill., Nov. 3—(AP)—President Hoover will place a wreath tomorrow on the tomb of Abraham Lincoln which he dedicated last year. The length of his speech in the Arsenal has been shortened to 35 minutes so that he will have time to go from his special train to Oak Ridge cemetery and honor the memory of his party's first President. Plans still call for his departure at 4:30 P. M.

Republicans planned to choose today a presiding officer for the Arsenal meeting. They were expected to pick Governor Emmerson, State Representative Earl B. Searcy of Springfield will introduce the party's candidates for state and county offices, all of whom will be on the platform, including former Governor Len Small, headquarters announced.

Gov. Small, candidate for his former position, and his running mates, will be introduced prior to the President's entrance. None will speak.

"There will be nothing but Hoover, while the President is in the building," H. L. Williamson, chairman of the managing committee, said.

GOING HOME TO VOTE

Washington, Nov. 3—(AP)—President Hoover turns westward for the fifth time today, with the announced intention of extending this final campaign tour into a transcontinental trip ending at his Palo Alto, Calif., home.

He disclosed his purpose of "coming home to vote" in a speech broadcast last night on the Pacific coast appealing for support from the voters of California, Oregon and Washington, and telling them that under a Democratic regime their "products will rot on the farms and in our forests."

Before his speech, White House officials made public a telegram by the President terming statements that he had changed his position on prohibition since his speech of acceptance "misrepresentations" and asserting that "my position is unaltered."

Discipline Does Not Lessen Love

Do children prefer parents who make them mind? Or do they love better the ones who let them do as they please?
 The country over, most mothers—and fathers too—are of the mistaken opinion that the way to win the love of their children is to give in. Every time they do exert authority and demand obedience there is an unhappy little devil whispering, "He will love you less Of course you have to discipline him, but each time you do it he will hate you."
 It is all a mistake. No parent needs worry about authority killing a child's love, unless this parent is unreasonable, unjust, actually unkind, or overbearing.
 The truth is that the very basis of love is founded upon respect. Children are unconsciously observant. Instinct tells them when a parent is weak, or weaker than himself.

Want Guidance
 More truth is that children feel the need of being guided and managed up to a certain degree. They love freedom to do things their own way, but license, they know, is a different matter.
 The boy who deliberately breaks things, runs away against orders, abuses his sister or thinks up things to worry his parents knows they are weaklings if they permit him to do it indefinitely. And he won't love them just because they are weak.

There are very few really "bad" children. A thousand things enter into the makings of a boy like that. He would never have gotten that way if he had been intelligently handled from the start.

When matters reach this stage, however, disciplining becomes a real problem.

Yet under it all he will know instinctively when he deserves a reckoning.

Consider His Age
 Most children know when they deserve disciplining. Moreover, the child who is disciplined when he knows he deserves it is seldom resentful.

But in all training and all discipline the child's age must be considered. A child of 6 will do things his 12-year-old brother or sister would not do, because he has not learned yet to divide all right from all wrong. He is more impulsive, more experimental, less likely to think it out.

Children of all ages respect and love the parent who can control them. The wiser the parent is in that control, the better. It does not follow that the eternally punishing or scolding parent is loved. For to whip or scold is too often a sign of weakness.

Coddling, giving in, loading with too many gifts, allowing waywardness, are no real foundation for love. They only cause selfishness in the child, who soon learns to forget his parents altogether.

Party for Social Circle and Families

Members of the Prairieville Social Circle and families, to the number of seventy-five gathered at the church Thursday evening and enjoyed a happy evening together. Decorations of black and orange crepe paper and Jack-o'-lanterns were in evidence, and even white-robed ghosts were seen

stalking through the halls, all indicative of the Halloween season. Everyone enjoyed a jolly social time till 8 o'clock. The program committee, under the chairmanship of Mrs. Roman Wolf, had arranged a short program of music and readings and these were much enjoyed by all. Mrs. Wolf then marshaled all the Juniors for a hope contest at the close of which she treated them to candy.
 Refreshments of pie, doughnuts and coffee, were served. Mrs. Bertha Frederick announced the next meeting of the Prairieville Social Circle to be with Mrs. LeRoy Powers and her mother, Mrs. Sherman, on Nov. 16th. Thus closed a most enjoyable evening.

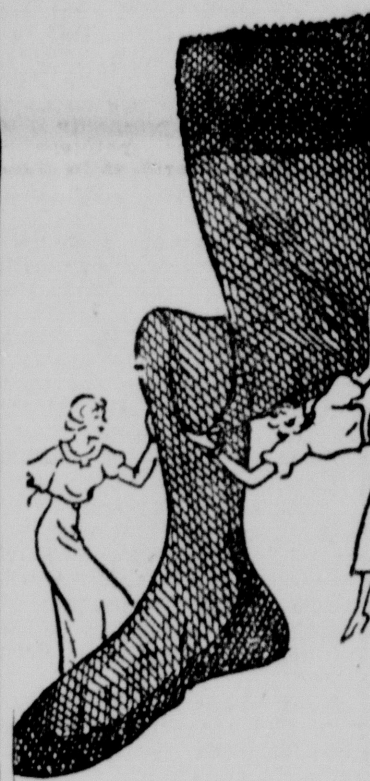

Bridge Party at Elks Was Most Delightful Affair

The bridge party at the Elks club Wednesday evening sponsored by the Elks Ladies' club, was one of the most enjoyable functions of the autumn season with a large number of enthusiasts in attendance. Both auction and contract were played.
 At auction Mrs. C. G. Popma and A. H. Hanneken made high scores and Mrs. E. J. Swan and Arthur Crom had low. At contract high scores were made by Mr. and Mrs. Conrad Dyke and low scores by Mrs. Fred Johnson and George Shaw.

Miss Hipple Was Honored at Party Last Evening

Last evening Miss Ruth Holly and Mrs. William O'Hara entertained a number of Dixon nurses at the Lodge in Reynolds Woods, to welcome Miss Marion Hipple,

SHALL WE WAIT A YEAR?

(Chicago Daily News)

It is too late now for Franklin D. Roosevelt to propose any program or plan of reconstruction and recovery. He is asking his supporters to go to the polls next Tuesday and vote for him without telling them what he will do to restore credit, remedy unemployment and provide the farmer with a market for his crops. This means that Gov. Roosevelt is asking those who vote for him to accept one of two alternatives—first, that between Nov. 8 and March 4, when, if elected, he would assume office, he will somehow find a plan to aid recovery, or, second, that he will continue the Hoover plan which is now in operation and which in the three months since the adjournment of congress has started the country back up the road to recovery. Already more men are at work, more factories are running, more goods are being shipped, more purchases are being made by the consuming public, more credit is available to merchants and manufacturers, the gold reserve is being built up steadily and the panic fears which beset us a few months ago have disappeared.

This has all been accomplished under the Hoover program for which Roosevelt has offered no substitute, and which his conservative friends now say he will pursue if elected. If those conservative friends and supporters of Roosevelt's know what they are talking about, the country is reduced to a choice between two men—Hoover, who conceived the rehabilitation plan now in operation, secured its enactment by congress and created the machinery to make it operate successfully, and Roosevelt, who will take over the Hoover plan and try to carry it out.

Which is better—to continue the plan under the operation of the man who conceived it and gave it effect, or to turn it over to a man who has not disclosed any understanding of it, who has been compelled to cease his criticisms of it because he has nothing better to offer, and who lacks the benefit of the hard experience of three years in office in the midst of adversity out of which Herbert Hoover developed the plan? There can be no possible doubt that to change leaders from one whose plan is now in operation and producing gratifying results to one without a plan is certain to create doubt, hesitation and delay. Elect Hoover and our progress will go on uninterrupted. Elect Roosevelt and we must wait until March 4 to know his purposes, and until well in the summer or early fall before congress gives effect to those purposes.

Can we afford a year's delay?

THE DEMOCRATIC CAMPAIGN.

No less an authority than Frank R. Kent, a Democrat, writing for a Democratic newspaper, declares that the Democratic politicians are basing their campaign upon the theory that if only they will "make no mistakes" they can sit back and let the depression elect their ticket. By "making no mistakes" they meant that their candidate for President and Vice President must not say anything that would offend anybody. Above everything the candidates must avoid saying anything that would brand them as radical. Nor must anybody be permitted to speak for them who was tarred with the radical stick.

This noble strategy is being carried out. The clear Roosevelt policy, as Mr. Kent expresses it, has been "to trust the Progressives to hold their belief that he is 'one of us' while convincing the conservatives that he isn't." To that end, again quoting Mr. Kent, "he has had two careful Columbia University professors helping him with his speeches," and "has not said very much that was important." He has shed no new light upon conditions, says Mr. Kent, "and some of the remedies he has proposed have seemed purposely cloudy and vague." He has "avoided the deeply controversial subject of the bonus," and he has "avoided antagonizing any organized minority, and expressed solicitude for every class."

In other words, by the confession of his friends, Gov. Roosevelt is deliberately making a perfectly colorless campaign, proposing nothing concrete enough to make an issue, offering no definite program, antagonizing nobody—basing his hopes of election upon capitalizing the distress of the country and gaining the support of organized groups that want to raid the treasury. As a part of this plan the candidate for Vice President has been muzzled, as have such radicals as Senator Norris and Senator Wheeler, neither of whom has been permitted to speak under the auspices of the Democratic National Committee. Huey (The Kingfish) Long has announced that he will speak for Roosevelt, but Mr. Kent, above quoted, says he will be kept west of the Mississippi and will not be given a radio hook-up.

A noble campaign indeed. And yet the man who makes it is endeavoring in every way he can to capitalize the name he bears and to convey the impression that his election will "put another Roosevelt in the White House." It would indeed be "another" Roosevelt. Can anybody imagine THE Roosevelt making a pussy footing campaign, trying to sneak into office by concealing his convictions, trying to get everybody's vote by offending nobody, seeking to win an election by capitalizing his country's distress?

Private capitalism is better than any other system.—Franz van Papen, chancellor of Germany.

(READ THE STORY, THEN COLOR THE PICTURE)

"This chicken tastes just like home-cooked," said Copsy. "I have never looked at food that looked much better. Pass the gravy, if you please."

The farmer smiled and said, "Well, son, it IS home-cooked, but have your fun. It seems to me you Tinytimies are always trying to tease."

Said Copsy, "Sure! I'll tease for more fine chickens, if you won't get sore. And, look! I've found a wishbone. Who is going to wish with me?"

"Right now, though, I will let it dry and we won't wish till by and by. The wish I make is going to be as crazy as can be."

"I'll wish that we have lots of fun upon your farm. We want to run and play until we're all tired out. Then we'll sleep in the hay."

"Why, you don't need to wish for that. I know that hope will not fall flat," exclaimed the friendly farmer. "You can run the live-long day."

All of a sudden Windy spied the flying horse, and loudly cried, "Gee, we must see our little pet. No doubt it's hungry, too."

"Out in the barn I'm sure I saw a dandy pile of hay and straw. The horse can flop down in a stall and rest when it is through."

Then Windy jumped up from his seat and took the horse out to its stall. Some other horses neighed a friendly greeting to the beast.

The flying horse said, "While I'm here please watch me for I sadly fear that I will eat too much because this is a lovely feast."

Outside, the rest were having fun. The farmer watched wee Duncy run up to a fat old pig and promptly jump upon its back.

This scared the pig and off it went. A very thrilling time was spent. Poor Duncy was jerked 'round so much he thought his bones would crack.

(The Times use the flying horse for a delivery wagon in the next story.)

things is "Yearly Lease," by Val Lewton.

"Yearly Lease" doesn't amount to much. It is just another sexy thriller, and the fabric of the tale is largely cheap and shoddy.

But it is built around a perfectly sound idea, and it wouldn't have taken a great change in the way it was handled to turn it into a really worth-while novel.

The story tells about a suburban apartment house a little way up the Hudson from New York. To this house come the usual crew of yearly leasers. There are the earnest and misguided young married couple, the stolid citizen with a giddy wife and the bewildered daughter, the kindly widow who is everybody's friend, the gay vamp, the dizzy party hounds, and so on.

A story built on such a setting, obviously, could be an honest and intelligent study of one of life's most interesting cross-sections; and now and then, especially in his dealings with the young new-layers, Mr. Lewton rises to his story's possibilities. But for the most part, unfortunately, it is just another of those things.

THAT if you are interested in the continued growth and prosperity of the home city, you should support the industries that make your city possible.

A city divided against itself can never get ahead. In many cities a great lack of a spirit of cooperation can be seen.

Cooperation means working together in order to accomplish some definite aim. Some cities don't seem to understand the meaning of that word.

There also seems to be in those cities a lack of understanding between the selling public and the buying public.

In order to obtain better cooperation, the selling public should do more advertising and the buying public should read more carefully the advertising columns of their local paper.

The selling public should place every inducement they have before the buying public, and the buying public should show loyalty to the home city by buying at home.

WEEKLY SUNDAY SCHOOL LESSON

The Christian and Word Peace

By WILLIAM GILROY

The contrast between the glorious proclamation of the vision and ideal of world peace by the prophets of ancient Israel, and the vast sums which nations in this twentieth century are still paying for the maintenance of armies and navies, and for the most destructive engines of war ever known in all history, would seem to suggest that progress and the realization of the ideal are very slow. It would be a satisfaction if we could hope that its progress is very real after all.

The problem of peace today is a world problem, in a sense in which is never before. The whole world is a vast neighborhood where relatively small things may engender very serious family quarrels.

The chances and opportunities for war are always 100 to 1 in comparison with former periods of the world's history, so that it may on the whole be a great gain that these chances do not all materialize, that the world is really making some effort to displace warlike counsels and attempted settlements of disputes in warlike ways by methods of conference and peace.

Fear still plays a large part, and prejudices die hard, but it may be that all the time we are laying the groundwork of peaceful achievements that will bear large fruit.

It is in this hope that we should study such lessons as this, for it is in the Sunday schools and the day schools of this land that the great foundation work of true peace must be done.

If we can fill the minds of the coming generation with the thoughts of peace, and the eyes of the young with the visions of peace, rest assured that we shall see in days to come a crop of peaceful attitudes and actions.

So it is that we should exploit the great peace visions of the Bible—the glowing prophecies of the Old Testament, the spirit of Abraham and his attitude toward men and those of his brother-in-law, Lot. But even more important that this prophetic vision is its fulfillment in the New Testament emphasis upon brotherly love as the only logical fruit of God's fatherhood and His gracious attitude toward His children.

The spirit of Christianity and the spirit of war are inevitably in conflict. No matter how much the use of violence may be justified upon some outward ground of necessity or the impossibility of adopting some other effective method, Christianity in all its ideals and teachings has in mind the aim of substituting love and peace for war and conflict, either between individuals or between nations.

Our lesson emphasizes the fact, especially in Paul's teaching to the Ephesians, that peaceful attitudes in the world have their logical and true foundation in peace in the individual life.

If men have not love in their hearts how can they have love in their associations?

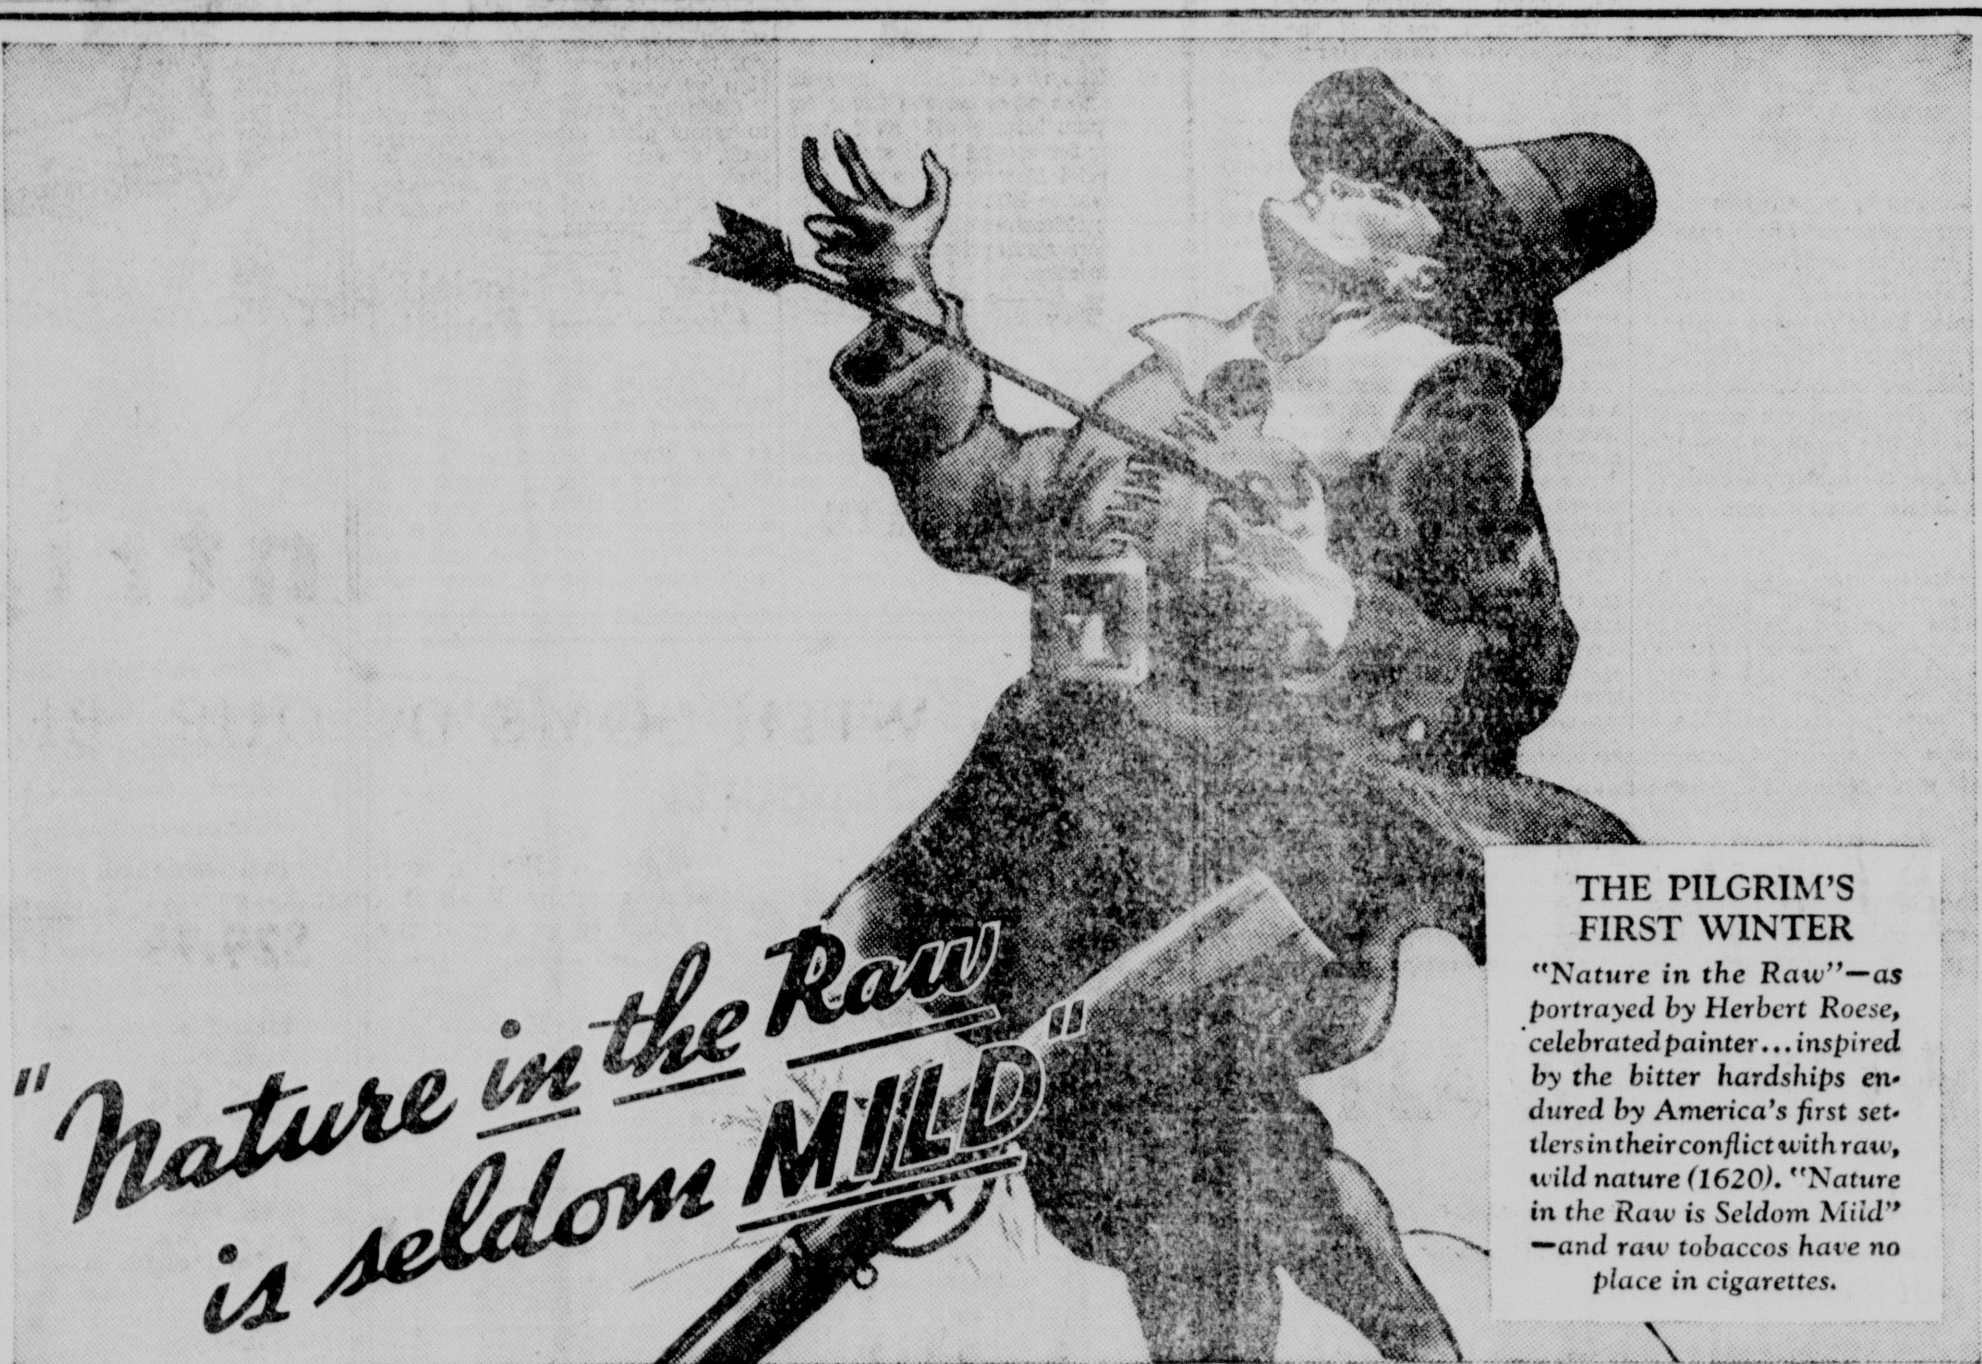

If there be not peaceful purposes, how can there be peaceful results?

A world of peaceful men would soon be a world of peaceful nations. In the great movement for peace none of us is left out. The individual Christian has its responsibility quite as much as the great statesman.

Politicians may make wars, but it is peoples alone who can create in the world a deep and permanent peace.

No raw tobaccos in Luckies —that's why they're so mild

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and

MICHIGAN NOW SEEMS CERTAIN OF THE PENNANT

Kipke's Comeback Is One Of The Sensations Of Years

Chicago, Nov. 3 — (AP) — For football comebacks, take the return run of Michigan's Happy Kipke.

In four seasons as head coach of the Maize and Blue, Kipke has broken through the tough Big Ten field with a superb exhibition of leadership, an exhibition that has resulted in a share of two titles and perhaps the undisputed possession of the 1932 crown.

Kipke was thrown for a damaging loss in 1929, his first year as head coach at Michigan, but his comeback has been remarkable. In 1930, he led Michigan to a tie for the Big Ten title with five straight conference victories. Last season, a record of six victories and one setback was good enough for a title share with Northwestern and Purdue. And so far this year, his big machine is headed for what looks like certain, undisputed possession of the prized championship, with triumphs over Northwestern, Ohio State and Illinois already on the right side of the ledger.

Gophers Look Tough
Indiana, Chicago and Minnesota remain on Michigan's campaign route but only the up and coming Gophers are conceded a chance to stop the Maize and Blue rush. One showdown was Michigan's margin victory over Minnesota in 1930 and '31 and the game looks just about that close this year.

Passes worried Kipke today as he drove his team for the Indiana encounter at Bloomington Saturday. While the Hoosiers haven't clicked very well with their aerial game, it has shown promise enough to cause worry. Indiana's chief concern was reserve material.

Northwestern may give Ohio State a glimpse of a real forward pass tosser when the two teams clash at Dwyer Stadium Saturday. Poy Augustson, a reserve back, was sent to the first string last night by Coach Dick Hanley and he showed plenty with long, accurate heaves that rained touchdowns on the freshmen. The Buckeyes, with Ferrall end, and Monahan, tackle, regarded as certain starters, were seeking to develop a scoring punch for the conflict.

Illini Working Hard

Heartened by Illinois' victory over Chicago last week, Coach Bob Zuppke worked at a high pitch to stop Wisconsin. Dave Cook and Liden Platt, both weighing over 200 pounds, were sent to the line to give it more weight. At Wisconsin, Coach "Doc" Spears ended a flock of experiments by using the same team that held Ohio State to a tie last week.

Coach Amos Alonzo Stagg was brewing new plays in a valiant attempt to stop Purdue, while Iowa gave Coach Ossie Solem some encouragement by stopping Nebraska plays as executed by the freshmen.

PUNTS AND PASSES

BY THE ASSOCIATED PRESS
Berkeley, Cal. — They call Henry W. Schaidach, California back, "Hard Luck Hank" and his efforts to get into a game against Southern California prove the name is good. In 1930 he wrenched his knee a few days before the game; last year he fractured a bone in his left wrist early in the season and got back into action a week after the Bears met the Trojans. His third and last chance comes Saturday.

Minneapolis — This seems to be the difference between a substitute and a regular. When Bruin Berg, Minnesota reserve quarterback, went to tackle the dummy yesterday, he sprained an ankle. Jack Manders, regular fullback,

took his turn and tore the dummy from its moorings.

Philadelphia, Penn. — Pennsylvania's preparations for the Pitt game are being conducted in strictest secrecy. Even the students couldn't get in to see their team practice yesterday until just before dark and then they saw only a brief routine drill.

South Bend, Ind. — Notre Dame's football players have one very good bit of consolation for their defeat by Pittsburgh last week. Some one recalled one of the late Knute Rockne's favorite sayings: "No team is really great until it has been defeated once. If it can come back and win, then it's a real team."

Morgantown, W. Va. — The backs got most of the public credit for West Virginia's victory over Marquette last week but the coaches are heaping praise upon Arthur Swisher, a 165 pound guard. He was all over the field, they say, getting more than his full share of tackles and opening big holes in the Marquette line on the offense.

ASHTON NEWS

By MRS. E. TILTON

Ashton-New Era Circle of the Presbyterian church will hold its November meeting at the church parlors Thursday, November 10, with the following program, all members and friends being most cordially invited:

Mrs. Roy Faber and her sister, Miss Hazel Beers were guests of friends at Rockford on Sunday.

Miss Thelma Beaman, student nurse in Rockford, was a guest of her parents over the week-end.

Mrs. E. G. Dunne received word of the death of her sister, Mrs. Elizabeth Ackland Gregory on Sunday. Death was due to concussion of the brain as the result of an automobile accident. Mrs. Gregory was for many years a rural teacher of Ogle county, at one time teaching at Antioch school north of town and was well known by many of the community. She is survived by her husband and four brothers, John, James, Howard and George of Rochelle and two sisters, Mrs. E. G. Dunne of Ashton and Mrs. Ella Kersey of Oklaheima. The Gregories made their home in Santa Fe, N. M., where Mr. Gregory is a lawyer and well known in political circles.

Mr. Obourn, coach of the high school athletic team, Harry Levin and Clarence Kersten motored to Normal on Sunday.

Mrs. Dan Tilton who has been quite ill with neuritis plans on leaving this week to spend the winter months in California, making her home with her daughter, Miss Mabel, who is attending college there.

Mr. and Mrs. Ed Wood, Hugh and Marguerite, were guests at the home of Mr. and Mrs. Myron Iverson of Newark over the week end.

Mrs. Fred Tilton of Richmond has been a guest of Mrs. E. A. Clover the past week, expecting to return to her home at the end of the week.

Mr. and Mrs. Melvin Tilton of Belvidere were guests at the Frank Tilton home on Sunday.

Guests at the Mort Glor home on Sunday were Mr. and Mrs. George Orner, Mr. and Mrs. Henry Tilton of Rochelle; Mr. and Mrs. Frank Beaman and Mr. and Mrs. Tom Cross.

Marion Mosteller and his

mother, Mrs. R. Y. Tilton, spent Sunday at the George Mosteller home at Glen Ellyn.

The Misses Frances and Gladys Hersch and Miss Ethel Sanford met with a painful accident on Saturday evening as they were motoring to Oregon. A passing motorist crashed into their car, but fortunately no one was seriously hurt although all sustained severe bruises. Neither car was able to proceed on its own power and both were towed to Oregon for repairs. Miss Gladys Hersch teaches at Prairie Star, Miss Frances at Yorty and Miss Sanford at Light-house school.

Miss Evelyn Scherer was host to a group of neighbors and friends at a surprise celebration of her birthday on Saturday evening. Following an evening spent at games, delightful refreshments were served the guests by her mother.

Adin Slaughter of Rochelle was an Ashton visitor on Wednesday. Mrs. Fred Wood who has been confined to her home because of an infection in her arm, still is unable to leave her home but is improving.

Mr. and Mrs. Leland Tilton spent the week-end with her parents in Chicago. Mrs. Tilton's mother, a recent patient at Billings Memorial hospital, is now returned home.

Franklin Grove and Ashton cage teams engage in battle Tuesday evening.

John Stadler and Wallace Clover attended a meeting of Delco agents at Princeton on Tuesday.

Glen Obourn, commercial instructor of the high school, will attend the annual home coming at Normal over the week end.

The freshmen-sophomore reception held at the high school on Saturday evening, was a delightful event and one which all who participated in enjoyed to the fullest extent.

Halloween passed without any great disturbance in the village on Monday evening. While the event was not unnoticed, the pranks

were not of a damaging nature and the evening celebration was one enjoyed by all.

Miss Lucille Hart will have charge of the Thursday evening Bible school study this week.

Peter Buschbacher is now located in the Batchelor house.

The Washington Grove pulpit was filled by a minister from Pennsylvania on Sunday. He is a guest of his niece, Mrs. Aaron Meling.

Wayne Dugdale was a guest of Dale Beaman over Sunday.

Mrs. Ann Gibson was hostess to the Pine Rock Woman's club at their second October meeting on Friday. Due to the illness of Mrs. Hugh Allen, Mrs. L. N. Beard of Polo gave the talk of the afternoon.

Polo, in charge of the music. Other guests were Mrs. Spoor, of Byron and Mrs. N. Tilton of Belvidere. Mrs. Bert Harr will be hostess November 11.

Mechanical and hand husking are going forward these days with many using the mechanical huskers completing the season's work.

Funeral services for the late Philip Erlich were largely attended on Saturday with business houses of the village closing during the funeral hour. Of a quiet, unassuming nature, Mr. Erlich had won a large and sincere circle of friends among the people of our community since entering Ashton business circles.

Mr. and Mrs. Irvin Goecken were guests at dinner at the Anton Schier home of Oregon, the date being the birthday anniversary of Mrs. Schier.

Mrs. Adeline Porter is a guest of her niece, Mrs. P. Cross.

Mrs. Leland Cross, Mrs. Della Tilton and Mr. Mary Pierce of Rochelle were guests at the home of Supervisor and Mrs. Perley Cross on Friday.

Mr. and Mrs. Russel Hamaker of Rochelle spent Sunday at the D. V. Leckron home.

The Green River Valley Conference of high schools met to select the order of the conference games which will be held December 15,

16 and 17 at Paw Paw. The following order was the result:

BERLIN STREET CAR SYSTEM IS TIED UP TODAY

Employees Out on General Strike Against Wage Slashes

Berlin, Nov. 3 — (AP) — The main transportation system of Berlin—the world's third largest city—was paralyzed today by a strike against wage cuts and a

scoring 23,000 workers.

Only the state-operated Stadtbahn, a single link in the vast system, was running. As a result thousands of early rising Berliners were forced to brave a driving rain to get to work. Some preferred to chase taxicabs. Others dashed for the nearest Stadtbahn station.

The strike was called at 5 A. M. and by 7 A. M. the police had taken over all loading points or bus, streetcar, subway and elevated lines as a precaution against disorder.

The police guard was set up after a few of the conveyances normally used to carry transport employees to work had ventured out only to be met by a barrage of stones from strike sympathizers.

Three men were arrested. Meanwhile strike pickets were placed at transport terminals and turned away those workers who appeared for duty. Their number was augmented at some terminals by groups of unemployed seeking work.

Complicating the situation was an unconfirmed report that the Stadtbahn workers were contemplating a sympathy strike.

Dissatisfied with the offensive play of last Saturday Coach C. E. Lindell is working this week to gain register some points when Rochelle is met on the Hubs' field. The double header marks the final 1932 North Central contest for Dixon. In the other league conflicts Belvidere plays in DeKalb and Sterling travels to Mendota.

Believing that his defense can take care of itself, Lindell has attempted a new back-field combination for added effectiveness on attack. All the blame for the end-of-the-game great record by DeKalb cannot be placed on the play of the linemen. The backs were very much off-form as evidenced by the change during the past three days' work. Albert Kennedy, regular fullback, is seeing little action in the preparations for Rochelle. Instead, Fordham has been shifted from quarter to the fullback job, his position early in 1931. Taking over the signal calling is Henry, southpaw halfback since the opening game. Bud Lightner remains intact at the line half back. Moved up from the second string, Ned Whitebread is performing at the other half. Whitebread, in his first year of the gridiron sport, is an excellent punter, one of the two good passers on the squad and a fast, shifty runner. This lineup should add speed, but whether the blocking, the primary reason for the new formation, will be improved remains to be seen.

That Dixon's attack has been weak is clearly revealed in the statistics of the DeKalb and the Sterling games. In these Dixon made three first downs, the opposition, twenty. A few bad breaks were thrown in against DeKalb to bring about the first defeat in two years. However Dixon is expected to show a much better brand of play when they meet Rochelle Saturday.

Last week local fans were forced to undergo a loss. However it was not unexpected. Against Sterling the home crew was far from impressive and seemed due for a trimming. They were fortunate enough to pull out 0-0, but were unable to hold DeKalb. Therefore Dixon should be in good form again Saturday, and enthusiastic fans may see a repetition of the play displayed in the first games of the schedule.

Rochelle, coached by Chester Ellis, a former Little Nineteen star, is resting in the cellar of the heavyweight division and on top in the lightweight division. They lost to Mendota 20-6; Sycamore, 7-6; DeKalb, 13-6; Belvidere, 13-0 and Preppert, 13-0. Their victories are over Oregon, 20-0 and Mt. Morris, 7-0.

Dixon's feather and fleawights have turned in their uniforms for the season. The heavier boys ended their series with Sterling for a record of five ties, four scoreless and one 6-6. In the fleaweight scraps each team won a victory and three were ties. These teams were coached by Roy Flamingham and Bert Talley former Dixon high stars.

Basketball Practice
With the football season due to end on Thanksgiving Day some early cage practice will begin next week. Tonight equipment will be issued and lockers are to be assigned to those who are not on the football squad. Athletic Director A. C. Bowers will have supervision until the basketball coach L. S. Sharpe, can make arrangements for the gym drills. Practice will be held three nights a week until the opening of the regular season.

Bellaire, Ohio Is Represented On Many Gridirons

Coach Not Satisfied With Offensive Of Dixon Gridsters

Bellaire, O., Nov. 3—(AP)—More college football players to the square inch than any other municipality in the country, is the proud boast of this community which has a population of 15,000.

The reason, the townsfolk say, is that Bellaire is an industrial center with sidelines of coal, mines and railroads, and "the boys grow physically tough."

Two Bellaire boys just started to click in a big way in 1932 when Johnny Niemiec at Notre Dame and Mike Miles of Princeton were as All-American as anybody wants to be. The tradition carried on. Last year Bellaire had two of the eleven regulars at Notre Dame—Joe Shekeetski in the backfield and Jim Harris at guard. These two are still at Notre Dame as any opposing scout will tell you. Also Keyman Bonar, a promising sophomore quarterback.

Two Bellaire boys who are putting spunk into the Princeton Tigers this year are John Paul Kadish at quarter and Ellsworth Kaibach at center.

At Pitt are two sophomores—Miller Munjas and Stan Olejesniak and on the Panther frosh is Leon Wohlgenuth—also from Bellaire and there are one or two on the Notre Dame freshman squad, too.

Tony Matusek and John Nardo are at Chattanooga. Babe Miles, and Rabbit Minnehan are at Jefferson College in Texas. Tod Goodwin is a regular end, though just a sophomore, at West Virginia; Joe Salvatore has been doing a great job at right end for Ohio State and Joe Livorno is also a member of the Buckeye squad. There are other Bellaire boys on Carnegie Tech's squad and several more in other colleges.

Harper Says Hunk Will Coach In '33

South Bend, Ind., Nov. 3—(AP)—Jess Harper, Notre Dame Athletic Director, today arose in defense of Hearty (Hunk) Anderson and spiked rumors that a new football coach would be hired for next year.

"Rumors can fly where they will but Anderson will be back at Notre Dame as head football coach," Harper said with emphasis. "The fact that he lost a game is no reason to fire him. Why we at Notre Dame feel he has done a fine job. He stepped into a tough job and we like the way he has handled things."

"Any reports to the contrary are mere propaganda and should be treated as such."

Still boiling because of his team's feeble reaction to the Pittsburgh defeat, "Hunk" worked the regulars overtime last night, even rauling out the ghost ball and turning on the lights to extend the practice session. When it was all over he was still dissatisfied.

"The boys aren't clicking," he warned his assistants.

Hunk did get a chance to see some clicking, however, before the night was over. He went to Chicago to start the six-day bike races on their international race.

DIXON BOWLERS CAPTURE THREE STRAIGHT GAMES

Sterling, Rockford, LaSalle Teams Defeated By Locals

The Dixon Recreation bowling team completed a successful tour of nearby cities, with a decisive victory over the Millers High Lifers of Sterling Monday night at the new Sterling Coliseum alleys before a capacity crowd. Bowling seems to have taken the Sterling inhabitants by storm according to the number of participants in the league bowling and in inter-city matches, which are numerous at that establishment.

The opening game displayed very good accuracy in hitting the No. 1 pin directly on the head. Both teams getting their share of spits, which are a hindrance to good scores. The Dixon team succeeded however, in securing a majority of 41 pins for the first game. McAndrews of Sterling started his second game with a string of six straight hits, then getting a space and finishing with three more strikes, accounting in all for a neat single of 297 and also giving his team the Miller's High Lifers a lead of 14 pins for the two games.

Sterling's team count for that game being 960 against 895 for Dixon. The final game proved to be plenty peppy from the start, and not until the final frames did the pins start falling in Dixon's favor. Final score 2792 for Dixon, 2792 for Sterling.

A return match will be rolled at the Dixon alleys on Sunday afternoon, November 13. Time, 2:00 P. M.

Another match will be scheduled for the same day, with the Killian's Giants of Sterling, who will be matched against another team of Dixon pinsters.

Ladies' Afternoon
On Sunday afternoon, November 7, at 2:00 P. M. two teams of Sterling ladies will make their first appearance of the season on the Dixon Recreation alleys when they will bowl two picked teams of Dixon ladies. Sterling's teams will be composed of mostly young girls who have found bowling a beneficial sport in many ways. Sterling has now in progress a four team league, composed of young business women and high school girls, who highly endorse this type of recreation.

The starting date for the Dixon ladies handicap league will be November 18. From that date on each Friday evening will be ladies' night, the alleys being reserved the entire evening for the ladies league. Young girls and professional business women who are interested in finding out the full details in regards to the ladies league, can do so by calling Ed Worley at 1400.

LaSalle K. C. vs Dixon Recreation
The Dixon Recreation bowling team won their team match with the LaSalle Knights of Columbus team at the latter's alleys Saturday night by a margin of 39 pins. Totals for the three games for LaSalle were 977-851-853 final—2681. For Dixon 965-857-898, final—2760.

H. Heitman of the LaSalle team rolled a big single count of 273 to start LaSalle in the lead by 12 pins the first game. This was followed by mediocre scores by both team Dixon finally winning the match by 39 pins. Another match is promised with the LaSalle team at Dixon in the near future. High series of 625 was rolled by H. Heitman of LaSalle.

Rockford vs Dixon
The C. E. Nelson Co. team of Rockford motored to Dixon Sunday afternoon and lost a match series to the Dixon Recreation by 199 pins. A few Rockford fans were on hand to help things along for the Rockford boys but the Dixon team had things well in hand all the way through, winning by the majority mentioned before. John Lange of the locals won high honors for both games and series with 224-605.

A Rockford team rolls in an inter-city league and is a strong contender for the title. Dixon totals, 955-953-927, final—2835. Rockford totals 885-910-841, final—2636.

Football Is Here To Stay Says Staggs

Chicago, Nov. 3—(AP)—Amos Alonzo Staggs has had a closeup of American football, big parade for a half century but can't see the end in sight.

"America always will have football without a great change from the game as played today," the 70-year-old University of Chicago coach said reflectively in discussing past and future. "The game is here to stay."

A lot of people enjoy football but don't understand its real purpose. Youth is restless and demands what is commonly known as roughhouse. They like to fight or tussle playfully and football gives them a chance to do it. That's why football is popular and why so many play it from the smallest sandlot to the largest university."

Hooks and Slides

By WILLIAM BRAUCHER
The Sporting News is a paper printed weekly in St. Louis, and is devoted exclusively to baseball. It might be regarded as being "in the know" regarding any inside talk concerning Hornsby's possible succession to Gabby R. Street as manager of the Cards.

Says the Sporting News: "Although Sam Breadon and Branch Rickey, as well as old Rog Hornsby himself, went out of their way to assure everyone that the engagement of the Cardinals as player on the 1933 Cardinals was not the forerunner of his eventual elevation to the management of the team, the man on the street arched a quizzical eyebrow when the news became known."

"Somehow, the man on the street could not be convinced that the Messrs. Breadon and Rickey were not looking ahead for possible eventualities that might bring the Rajah back in charge of the team on which he won his greatest distinction as a field leader in 1923."

"This was a manifestly unfair attitude toward Charley Street, who has given St. Louis two pennants during his three years' incumbency, but you can't shoot a fan for making the first and last guess."

SHOOTING STARS
There you have it—the excitement has begun already! You know, that wherever Hornsby has gone — to the Giants, Braves and Cubs—stories of discord have followed him.

The Sporting News suggests that St. Louis fans are "guessing" that Hornsby will succeed Gabby Street, and that the fans see Breadon and Rickey getting ready for such an eventuality.

Why, doesn't it appear that there's trouble already?

HORNSBY AT SECOND
Obviously, the idea is to play Hornsby at second base and Mr. Fisch at third. But surely there is little doubt among any of those who have watched Hornsby play the last few years that he is no longer a second baseman. He can still hit, to be sure, but around the base his fielding just won't do. The hardest optimist among the critical paying clientele knows very well that Hornsby no longer is an infielder, and Hornsby is aware of that fact himself.

It would be more reasonable to assume, in the light of the fact that Hornsby's chief baseball services in the year of 1933 will be

as a coach. He is a great developer of youthful talent. There probably is not a wiser teacher in baseball.

Many remarks in the press boy during the late world series were to the general effect that "this would not have happened if the old Rajah had been running the show for the Cubs."

That appears to be the best guess this corner can offer, since it is just about impossible on the face of the whole matter that Hornsby will play. He will coach and wait.

WAIT—FOR WHAT?
And if the team, directed by old Sarge Gabby Street, should slip next year as badly as the boys fell off in 1932, what will happen?

Will Messrs. Breadon and Rickey call the Old Sarge aside and put him on the shoulder and say after the manner of college football coaches, "Oh, that's all right, Charley, better luck next time. Baseball's only a game after all?"

Maybe they will. Maybe they also will hand him a ticket to Rochester or another of the Cardinals farms. It has been done before.

Then who would become manager of the Cardinals? Perhaps, Santa Claus?

List Of Reserves In Junior League
Chicago, Nov. 3—(AP)—Washington, Cleveland and Detroit lead the American League in the number of players listed on the 1933 reserve list with 39 each.

The list, announced by President Will Harridge, shows no move on the part of many American League clubs to economize on player hopefuls for the 1933 season. With the maximum set at 40, Chicago and New York listed 38 each, Philadelphia 30, Boston 28 and St. Louis, usually low in the number of recruits, 22.

Chicago filed no claims on the services of coaches Johnny Butler and Bill Cunningham, giving rise to a report that they would not be re-hired for next season.

TWO POPULAR BATTLERS WILL MEET TOMORROW

Canzoneri-Petrolle Scrap Looks Like Real "Natural"

New York, Nov. 3—(AP)—An unostentatious young man who has the idea that the measure of a fighter is how he conducts himself in the ring and who has won considerable popularity by acting accordingly—Billy Petrolle—makes his bid for the lightweight championship of the world tomorrow night.

Petrolle isn't much of a showman until he starts flinging hard punches. Instead of the fancy trimmings he wears a ragged old blanket into the ring. He sits quietly in his corner until time to go to work and then he starts about it in a methodical fashion that sometimes brings tremendous results.

In his travels about the country he acts as his own porter and he lugs his manager's bag as well.

But after the gong rings it's been a different Billy ever since he started his "comeback" campaign two years ago at the expense of tomorrow's opponent, Canzoneri.

In two years he has knocked out such redoubtable opponents as Justo Suarez,

SMALL CHARGES CERMAK ATTEMPT TO DEFEAT BONDS

Says "Grape Vine" Campaign Is Now On In Cook Co.

Chicago, Nov. 3.—(Special)—Calling his opponent to book for not giving careful study to the problem of unemployment relief in Illinois, former Governor Len Small, nominated by the Republicans for Governor at the election next Tuesday, in a statement today declared that Judge Horner, by his own admission has NOT kept in touch with state affairs while he has been absent from his office campaigning for votes.

"With the coming of every new day, my opponent digs down into his speech-making barrel and pulls another one," declared former Governor Small. "Yesterday he told a Chicago audience that if he is elected governor, he will not wait to be inaugurated to appoint a commission to study unemployment relief in Illinois!"

"This is certainly evidence enough that Horner has lost all track of state affairs since he DEFERRED HIS POST six months ago and started out to tell the people of Illinois why he should be picked to run the state, and all this time the taxpayers have been GIVING him \$15,000 a year or over \$300 a WEEK, for leaving their business. If Horner had kept in touch with affairs he would know what everybody else in the state knows, that the problem of unemployment in Illinois has been made an object of close study by many agencies for many months."

Tony Got Money
"Horner would know that last January the Illinois State Legislature met in special session and in response to the crocodile tears of Tony Cermak, Horner's boss, the legislature passed a bill permitting Cook County and such other counties in the state as desired to borrow money from the state for unemployment relief. Now, the credit of Illinois was 100 per cent in striking contrast to Cook County and the Sanitary District of Chicago, with defaulted bonds and the City of Chicago on the brink of bankruptcy—all "busted" under Tony Cermak's ruinous administration. But Illinois found herself compelled to borrow money to provide the relief fund and so the Legislature voted to issue tax anticipation warrants."

"Tony got his money and start-

Youngest Hoover Boosters

THESE tiny faces are wreathed in smiles when they spy President Hoover and the First Lady of the Land, for these august personages are grandfather and grandmother to Peggy Ann, Joan, and Herbert Hoover III. They spent most of the winter in the White House year before last.

The President was "pleased as punch" when Peggy and "Peter" slipped a hand in each of his for the morning walk to the executive offices. Joan is past two, now, so she will want to toddle along if the children go to Washington for the winter holidays this year, as they have done in the past.

ed on February 6th to spend it. What happened? By the first of July the ugly rumors of rotten mismanagement were creating such an evil smell that a non-partisan committee of the Illinois Legislature was named to make an investigation. And what did this Committee find?

"On August 2, this non-partisan committee issued a statement which was published in all newspapers. The committee in this report uncovered many things."

"First, that between February 6 and July 6, more than \$17,000,000 had been borrowed from the state for 'unemployment relief.' That almost \$14,000,000 of that amount had been spent in Cook County alone!"

"Second, that in Cook County there had been spent for salaries and expenses more than a million dollars, while in the other 28 counties of the state, borrowing money for the same purpose there had been spent only \$200,000. In other words, Horner's boss, spent over 10 per cent of what he borrowed to pay the salaries and expenses while officials in other

counties spent less than 6 per cent!"

Were Not To Blame
"Third, that in Cook County more than one person in the same family was on Tony's payroll and that employees were being given a month's vacation with full pay, although perhaps these people were not to blame because they knew that both Horner and Tony had deserted their jobs for months and were junketing all around Illinois and Europe while their own pay was going on."

"What did the non-partisan Legislative Investigating Committee recommend? The committee recommended among other things that Tony's payrollers, in sharp contrast to Tony and Horner, should give a full day's work for a full day's pay, that consideration should be given to the payment of reasonable rents for the unemployed, that four weeks was too much time to find out whether a family needed relief or not, that some definite plan should be carried through to provide honest labor for able bodied persons in some public work instead of handing out charity dole, and that groceries, clothing, coal, etc.

should be bought from the local merchants in the communities where the money was being spent, provided that the price and the quality were the best obtainable. The committee also recommended that careful study be given to every phase of unemployment relief, so that the State Legislature might know how to deal with the problem.

"But, the most terrible thing about this whole situation is that while Horner, the show-window

front of the Cermak campaign, is up on the platform pleading in loud tones for votes, Tony Cermak and his gang of payrollers are sneaking around every precinct in Chicago passing out the grape vine 'lay off the bond issue next Tuesday.'"

"What will happen? The bond issue will fail because to not vote at all is a vote against it. And when the bond issue fails, the taxpayers of the whole state of Illinois, including the farmers, the

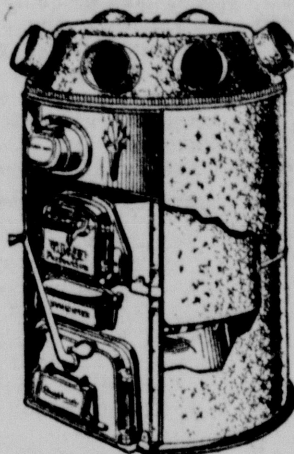

small store keepers, the little home owners in every part of the state—will be forced to pay Cook County's huge unemployment relief debt and everybody's tax rate will be doubled!"

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salt, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in pimples. Your head aches and you feel down and out. Your whole system is poisoned. It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and out." They contain wonderful harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of substitutes. 25c at all stores. © 1931 C. M. Co.

our most SERIOUS NATIONAL PROBLEM the Farm Problem

MERCHANTS, professional men, working men are now realizing that the Farm Problem is our most serious national problem, for when a market consisting of nearly 50% of the population loses its buying power, no other class can prosper. Towns and cities in large agricultural districts are merely commissaries to serve these districts and prosper in direct ratio as the farmers of those districts prosper.

Assistance rendered to financial institutions, transportation companies and allied industries will prove a failure unless the debt paying and buying power of farmers and labor is restored.

TO RESTORE FARMER'S BUYING POWER

There is but one way to restore the buying power of the American farmer and that is to equalize the exchange value between the prices that the farmer receives for his products and those of the products he has to purchase.

Such equality he has not received since 1921, a vital fact recognized by the Democratic party in their platforms of 1924, 1928 and 1932.

Governor Roosevelt has also recognized it in his acceptance speech, his speech at Topeka, Springfield, Atlanta and his announcement that he will call a special session of Congress as soon as he takes office and will suggest legislation so that farmers will soon receive a benefit denied them for the past twelve years.

At Springfield, Oct. 21st, Governor Roosevelt outlined a three-point program for Agriculture as follows:

1. The federal government must see that Agriculture gets a fair price for its products.
2. The heavy load of taxation must be lifted from the farmer.
3. The burden which farm mortgages bear on every agricultural community must be lightened.

MARK C. KELLER FOR STATE'S ATTORNEY

He is a candidate on the Republican ticket. Born on a farm in Lee County. Was employed as a farm laborer and is in sympathetic accord with and thoroughly knows the problems and difficulties now confronting the farmer and laborer.

Has served as City Attorney of the City of Dixon and as Master in Chancery of the Circuit Court of Lee county. As State's Attorney he has collected and turned over to the County Treasurer and other departments of State, \$46,268.00, in fines and fees, over and above the salary paid him by Lee County.

His record for efficiency and honesty in office has elicited most favorable comment, not only from the people of Lee County but surrounding counties as well.

Mr. Keller has accepted a reduction in salary as suggested by the Lee County Taxpayers Association and has stated publicly that during these stressful and serious times, that the Legislature should reduce the salaries in all offices from the highest to the lowest in the State.

Fraternally he is a member of all Masonic bodies of Lee County, Elks Lodge and Modern Woodmen of America and is a member of the Presbyterian church.

J. R. FITZSIMMONS

Mr. Devine will expose the hypocrisy and sham of the Small administrations, giving detailed information on Mr. Small's Record on appropriations, political pay rollers, interest on public funds, his veto message, tax rates, his scandalous pardon records and how employees of state institutions are victimized by Republican machines.

Every Voter and Tax Payer Should Attend This Meeting

Sec. of State Stratton Points To Great Record

TO THE MEN AND WOMEN OF ILLINOIS—

When I assumed office as Secretary of State in January, 1929, my first act after being sworn in was to post a public notice, informing all employees then in the service of the Secretary of State's office, that their tenure in their respective positions would be permanent and that no one would be removed for political reasons. And no employee has been removed except for inefficiency or misconduct. I have applied the principles of a strict civil service system and have constantly endeavored to extend courteous and expeditious service to all having business with the Secretary of State's office.

I have made every effort to conduct the affairs of the office with the strictest economy and have succeeded in administering the duties of the office at less expense, in proportion to the amount of business transacted, than any other Secretary of State in the Union.

In the course of my administration, I have turned into the state treasury every cent of interest earned on state funds collected by my office. Every three months, the interest, amounting to many thousands of dollars each quarter, has been turned over to the State treasurer for the benefit of the taxpayers, accompanied by an itemized statement to the Auditor of Public Accounts, showing the amounts of deposits and interest earned in each and every bank.

Every effort has been made to apply the "blue sky" law diligently to protect Illinois investors. It must be borne in mind that all securities listed on the Chicago, New York and Boston Stock Exchanges, the Chicago Board of Trade and the Chicago Curb Exchange are exempt from regulation and supervision by the Securities or "blue sky" Department of the Secretary of State of Illinois. None of the Insular company stocks and bonds come within the jurisdiction of the Securities department of the Secretary of State's office.

I have in no case permitted factional or partisanship in the least degree to enter into the proper

and efficient conduct of my duties as Secretary of State. Upon my public record, I appeal to the men and women voters of Illinois for their vote and support.

(Signed) William J. Stratton

The Truth About That \$2.10 Check Issued To A Boy

Budd Small, who is associated with his father, Len Small, in the operation of the Small farm at Kankakee, made the following statement today:

"The enemies of Len Small, with their characteristic venom, are circulating a facsimile check of two dollars and ten cents (\$2.10) payable to Vernon Cordes. This boy is about sixteen years old, and like all other boys in the neighborhood is in the habit of playing around the farm of Len Small during vacation time, without any definite task or work to do. Like all boys of his age, he is very anxious to drive a team—in fact, he almost makes himself a nuisance with his insistence on wanting to drive the horses. During the summer, in order to help him out, he was paid a small amount of money, his work was practically what he himself wanted to do, the money was paid not because his services were of any particular value, but because paying him something would enable the farm manager to keep him out of mischief while he was on the premises.

"The father of young Cordes some years ago purchased a house; the money to make the purchase was loaned him by Mr. Small's bank. He has paid no interest nor rent of any kind for the use of the house for over two years. He is still in the house with his family, even though his interest is far in arrears.

"The affidavit on the other side shows the boy was satisfied that the check was really in the nature of charity rather than wages, and that the boy is now working for a dairy company at fifty cents (50c) a day. This dairy company is a competitor of the Len Small Dairy."

Power Production Steadily Growing

New York, Nov. 2 —(AP)—Power production in the week ended Oct. 29, went to a new high level for the autumn recovery period. The National Electric Light Association report showed today, the weekly gain keeping pace with the improvement recorded in the corresponding period of 1931.

In the same periods of 1930 and 1929, power production turned downward in contrast with the gains established in the same periods during the two following years.

Output last week totaled 1,533,028,000 kilowatt hours against 1,528,145,000 the previous week. Production in the October 29 week was 7.9 per cent below the same

1931 week, unchanged from the previous week.

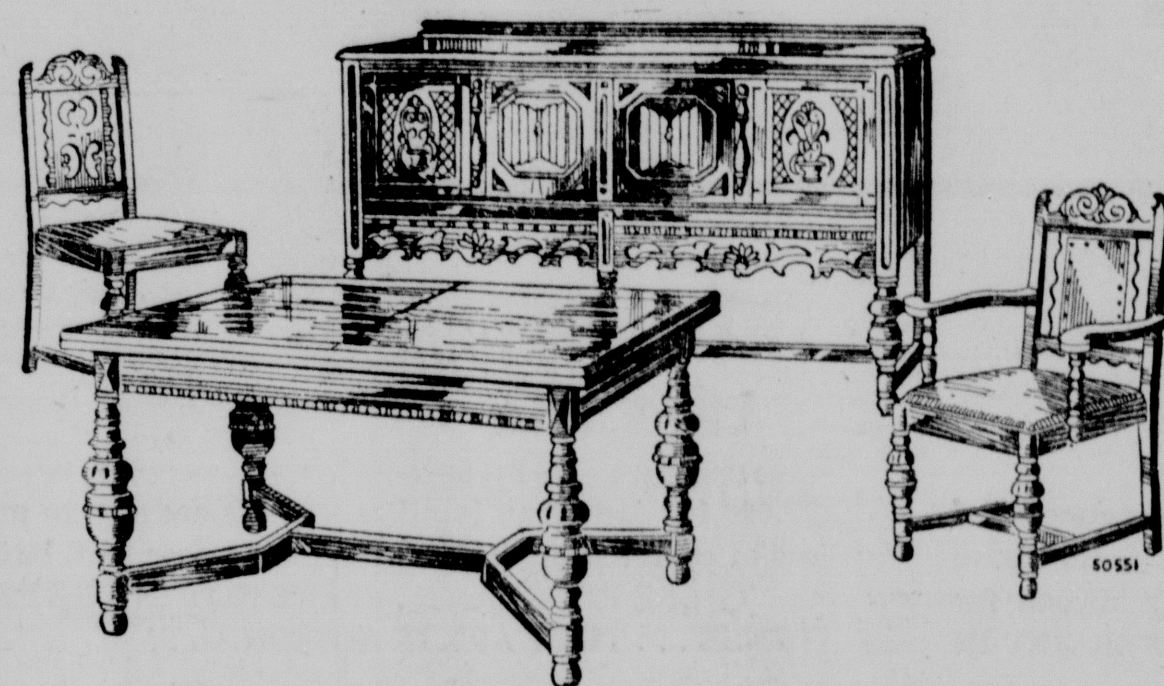

Output in the central industrial region was 3.1 per cent below the same week in 1931. Last week's output of 1,533,028,000 kilowatt hours compared with 1,443,977,000 in the first full week of September, which included the Labor Day holiday.

"I DESIRE TO SPEAK SO SIMPLY AND SO PLAINLY THAT EVERY MAN AND WOMAN IN THE UNITED STATES WHO MAY HEAR OR READ MY WORDS CANNOT MISUNDERSTAND"

"..... I recommended to the congress emergency relief for depositors in closed banks. For seven years I have repeatedly warned against private loans abroad for non-productive purposes. . . . I SHALL PERSIST IN THOSE MATTERS . . ."

★ ★ ★

"..... We still have vast problems to solve in agriculture. . . . NO POWER ON EARTH CAN RESTORE PRICES EXCEPT BY RESTORATION OF GENERAL RECOVERY AND MARKETS. . . . Every measure we have taken looking to general recovery is of benefit to the farmer. . . ."

★ ★ ★

"..... The most practicable relief to the farmer today, aside from the general economic recovery, is a definite program of readjustment and coordination of national, state and local taxation, which will relieve real property, especially the farms, from unfair burdens of taxation which the current readjustment in values has brought about. . . . TO THAT PURPOSE I PROPOSE TO DEVOTE MYSELF. . . ."

★ ★ ★

"..... We have strengthened the capital of the federal land banks. . . . The Farm Board, by emergency loans to the farmers' co-operatives served to stem panics in agricultural prices and saved hundreds of thousands of farmers and their creditors from bankruptcy. . . . We have created agencies to prevent bankruptcy and failure of their co-operative organizations, and we are erecting new instrumentalities to give credit facilities for live-stock growers and the orderly marketing of farm products. . . . In furtherance of world stability we have made proposals to reduce the cost of world armaments by \$1,000,000,000 a year. . . . As the storm grew in intensity we created the Reconstruction Finance Corporation with a capital of \$2,000,000,000 to uphold the credit structure of the nation. . . . This was done not to save a few stockholders but to save

25,000,000 American families. . . . We are now in process of establishing a new system of home loan banks. . . . THESE PROGRAMS . . . ARE NOT IN THE PAST TENSE . . . THEY ARE IN ACTION. . . ."

★ ★ ★

"..... The opposition leadership insisted, as the price of vital reconstruction legislation, and over my protest, upon adding \$300,000,000 of costs to the taxpayer through public works inadvisable at this time. . . . I SHALL REPEAT MY PROPOSALS FOR ECONOMY. . . . The opposition leadership in the house of representatives in the last four months secured passage by the house of \$3,000,000,000 in such raids. . . . They have been stopped. . . . I SHALL CONTINUE TO OPPOSE RAIDS UPON THE FEDERAL TREASURY."

★ ★ ★

"..... Our views upon sound currency require no elucidation. . . . They are indelibly a part of Republican history and policies. . . . WE HAVE AFFIRMED THEM BY PREVENTING THE DEMOCRATIC MAJORITY IN THE HOUSE FROM EFFECTING WILD SCHEMES OF UNCONTROLLED INFLATION. . . ."

★ ★ ★

"..... We have insisted upon a reduction of governmental expenses. . . . NO COUNTRY CAN SQUANDER ITSELF TO PROSPERITY ON THE RUINS OF ITS TAXPAYERS. . . ."

★ ★ ★

"..... This world needs peace. It must have peace with justice. . . . I SHALL CONTINUE TO BUILD ON THAT DESIGN. . . ."

★ ★ ★

"..... My views in opposition to the cancellation of war debts are a matter of detailed record. . . . I am hopeful of such drastic reduction of world armament as will save the taxpayers in debtor countries a large part of the cost of their payments to us. . . . BUT IT IS A CERTAINTY THAT THESE DEBTS MUST

NOT BE CANCELLED OR THE BURDENS TRANSFERRED TO OUR SHOULDERS. . . ."

★ ★ ★

"..... It does not follow, because our difficulties are stupendous, because there are some souls timorous enough to doubt the validity and effectiveness of our ideals and our system, that we must turn to a state-controlled or state-directed social or economic system in order to cure our troubles. . . . THAT IS NOT LIBERALISM . . . IT IS TYRANNY. . . ."

★ ★ ★

"..... In the race after the false gods of materialism, men and groups have forgotten their country. . . . Equality of opportunity contains no conception of exploitation by any selfish, ruthless, class-minded men or groups. . . . They have no place in the American system. . . . As against these stand the guiding ideals and concepts of our nation. . . . I PROPOSE TO MAINTAIN THEM. . . ."

★ ★ ★

"..... I have repeatedly recommended the federal regulation of interstate power. . . . I SHALL PERSIST IN THAT. . . . I have opposed the federal government undertaking the operation of the power business. . . . I SHALL CONTINUE THAT OPPOSITION. . . ."

★ ★ ★

"..... With the humility of one who by necessity has stood in the midst of this storm I can say with pride that the distinction for these accomplishments belongs not to the government or to any individual. . . . IT IS DUE TO THE INTREPID SOUL OF OUR PEOPLE. . . ."

★ ★ ★

"..... Our interest now is the future. . . . As a government and as a people we still have much to do. We must continue the building of our measures of restoration. We must profit by the lessons of this experience."

WINNEBAGO CO. PROSECUTOR TO SPEAK THIS EVE

States Attorney Wm D.
Knight At G. O. P.
Meeting Here

William D. Knight, of Rockford, State's Attorney of Winnebago County, for the past eight years, a former president of the Illinois State's Attorneys' Association, prominently mentioned last year as a Republican candidate for Attorney General of Illinois, well-known Legionaire and Western Conference football official, will speak this evening at Hotel Dixon at a meeting sponsored by the Young People's Republican League. The dinner, preceding the address will be held at 6:30 P. M.

Elected State's Attorney for the first time in 1924 by the largest plurality ever given a States Attorney in his county, he was re-elected to the office in 1928 by a plurality double that of 1924. A record of ten straight convictions in murder cases during his time in office, including three convictions in one thirty-day period, is the record which Mr. Knight has made as State's Attorney, several of which cases attracted nationwide interest because of their unusual nature. Attorneys all over the state have praised the record of convictions from Winnebago county which have been upheld by the State Supreme Court. In the Wickersham Commission's report to President Hoover last year Mr. Knight was called "A high type of official, very vigorous in law enforcement, who really lives up to his oath of office."

One of the men who organized the Illinois department of the American Legion in 1919, Mr. Knight served on the state executive committee of that organization in 1919 and again in 1920. In 1923 he was Senior Vice-Commander of the Illinois department of the Legion.

Mr. Knight graduated from Dartmouth College in 1908 and from the Harvard Law school in 1911. He was president of the Illinois State's Attorneys' association in 1928-29. Mr. Knight is serving this year as a member of the committee on Mercenary Crime, of the American Bar Association. In 1929 he wrote the chapter on "Prosecution in Illinois Outside of Cook County" in the report of the Illinois Crime Survey, published by the Illinois Association for Criminal Justice. In June, 1930, Dartmouth College, his alma mater, conferred upon him the honor Mr. Knight has been a Western oratory degree of Master of Arts.

Conference football official for a great many years, during which time he has officiated in many important games.

Last year Mr. Knight was prominently mentioned as a candidate for the Republican nomination of Attorney General of the State, but he did not become a candidate. During the present campaign he is speaking in a number of counties in the state in the interests of the Republican ticket.

Sidelights In News In Capital Of United States

By HERBERT PLUMMER

Washington, Franklin W. Fort, President Hoover's closest personal friend who presides over the home loan bank system, is getting a kick out of his job despite the fact he works about as hard as anyone in Washington.

In the first place the business of helping the American home owner is right in his line. He resigned as head of a state building and loan association to take the job, as well as two or three other jobs akin to it.

Then it has placed him back in public life from which he was involuntarily retired in 1929 when he ran for the Senate in New Jersey against the late Dwight Morrow.

Friend Of President

It was Fort's years of close association and his personal friendship for President Hoover that helped lead to his selection as head of the home loan bank system.

Their association dates to the world war days when the two were engaged in food administration work.

He managed the Hoover campaign for the G. O. P. nomination on the convention floor at Kansas City in 1928. As secretary of the republican national committee he virtually ran the campaign that lodged Mr. Hoover in the White House.

In those days following the President's inauguration Fort was an almost daily caller at the White House. As a member of the administration's spokesman on the hill.

Hard Worker

Then, as now, he was among the hardest working men in the capital.

It is the same with his job now. He took it over on short notice and within two days the home loan

Chicago World's Fair—a Symphony of Light!

A Century of Progress—Chicago's 1933 World's Fair—at night, as viewed by an artist. The above reproduction of a painting by Morton R. Addy, Chicago artist, shows the north half of the Exposition grounds as it will look next year—a symphony of colored illumination. In the foreground is Lake Michigan, in the center, North and South Lagoons, spanned by the cables of the Sky Ride—outstanding thrill of the Fair.

Clustered about the shores of lake and lagoons are the halls, courts, pavilions and towers of a wonder city—painted in many ever-changing colors. On these 424 acres of land and water next year Chicago will celebrate the hundredth anniversary of its incorporation as a town, as well as the advance accomplished by mankind during the same hundred years through the application of scientific principles.

board was functioning and settling matters of policy.

He's out and on the job before many others think of going to work. And most of them are gone home at night before he closes up his desk and calls it a day.

AMERICANS ADVANCE

On Nov. 3, 1918, the American army continued its advance north of Verdun, capturing several villages and towns. Franco-Belgian troops came within five miles of Ghent.

The Austrian army was in collapse as the Italians took Trieste and Triest, Italian cavalry entered Udine as an armistice was declared. The Serbian army occupied Belgrade.

In an effort to raise the morale of his people, Kaiser Wilhelm announced his support of governmental reforms by which the Reichstag was given greater authority.

PAYROLLERS IN MASS MEETINGS SMALL CHARGES

Says Judge Horner Is
Just Another Political Pawn

Chicago, Nov. 3.—(AP)—An assertion that Democratic massmeetings in Chicago during the closing days of the campaign "are being packed with city hall payrollers in an attempt to impress the voters" came today from Republican state headquarters.

"Our candidates headed by Len Small," the statement said, "have held noon meetings in a theater directly across the street from the city hall. Mayor Anton Cermak, the Democratic boss, and his fellow workers need only open their windows to hear Republican speeches being broadcast in the street through loud speakers."

"Republican massmeetings have been entirely spontaneous in their attendance, with no public employees forced to attend or lose their jobs."

Democratic leaders previously had stated attendance at the Republican rallies had been composed mainly of ward political workers looking for jobs with "professional applauders" scattered through the spectators.

Horner "Another Pawn"

Small said in an address last night Cermak's "virtual distastefulship" of the Democratic party "with Judge Henry Horner serving as just another pawn on the political checkerboard" had been proved in last spring's primary election.

"Cermak said Judge Horner should be nominated, and Michael L. Igoe dared to dispute the matter with him," Small said. "Igoe said he was better fitted for the office of Governor, and I agree with him. He would not humbly submit to Cermak's orders like Horner has in the past, does now, and will continue to do. He has a political mind of his own, so Cermak decided he was unfit to be nominated."

"It will be interesting to see after this election is over just how long Igoe's brother remains on the Cermak payroll as City Sealer at \$300 a month."

Small said the late George Brennan, Chicago Democratic leader, expressed on his deathbed a wish that Igoe succeed him as National Committeeman. "But Cermak said 'he can't have that either, I'm going to take it,'" Small quoted "and he did."

State Republican headquarters here announced that former Governor Small and his fellow candidates on the state ticket have been invited to sit on the platform at Springfield Friday afternoon with President Hoover.

HE GOT THE DOG

Nanaimo, B. C.—Some one stole the chair, cushions and rug which the local game warden had on his porch. Thinking the crooks would return, the warden placed more chairs and cushions on the porch and left his watch dog in charge of them. The following morning the chairs and cushions were still on the porch but the dog was missing. It has not yet been located.

Budapest.—In a short time you should be able to hear a pin drop in Budapest. Prominent citizens have decided to rid the city of noise caused by loudspeakers and street traffic, especially the sound of automobile horns. They have formed an anti-noise league, and the first step in their campaign has been to secure the cooperation of all inhabitants in reducing noise to a minimum.

To the Voters of Lee County

We, as Veterans of the World War, present for your consideration the name of

EDWARD A. JONES

Candidate for
STATE'S ATTORNEY
OF LEE COUNTY.

We unqualifiedly endorse Mr. Jones as an able Lawyer and as one who is fully competent to perform the duties of the office which he seeks.

He is a veteran of the World War, a member of Veteran's Organizations and entitled to the support of the Veterans and their families.

He has agreed to co-operate in an effort to reduce taxes and as evidence of his good faith states that he will return twenty-per cent of his salary to the County Treasurer.

We offer Edward A. Jones to the People of Lee County and respectfully ask their support of his candidacy.

Here's a Smart Fall Scarf—And Easily Made

Knitting is smarter than hand-making scarfs this fall. You can make your own with little effort and less cost. Here are directions for making one of the latest type, shown here, a choker that slips one end through the other and buttons through the other and buttons it fast.

Get Columbia 2 fold Saxony, 2 balls main color and 1 ball trimming color. You'll want a No. 1 size crochet hook.

With black ch 60 sts, turn, work 59 s c on chain, work 4 rows black. Row 5: Work 3 s c of black, join white and work 10 s c, repeat from * three times, ending with 4 s c in black, repeat this row for 12 inches, working over strand of yarn.

Then decrease 1 st in each white stripe, work 3 rows, 1 decrease in each white stripe, and continue decreasing 1 st in every white stripe, every 4th row until there are 6 sts in every white stripe every 4th row until there are 6 sts in each white stripe. Work even for 12 inches. Break yarn and fasten.

Crochet a strip 3 inches long of 3 chs in width and fasten to each side of narrow end of scarf to form buttonhole.

Fit scarf around neck and place button so that scarf fits snugly around neck.

PRESIDENT WILL FIND PALO ALTO MUCH CHANGED

Has Not Been 'Home' Since Inauguration To Presidency

Palo Alto, Calif., Nov. 3.—(AP)—Though President Hoover will be friends and neighbors, he will find many changes in the 'home town' here when he returns election day to cast his ballot.

News of the President's contemplated visit confirmed yesterday did not stir the townspeople greatly and they indicated no elaborate preparations for "neighbor" Hoover's arrival are planned. Some commented he would find things changed.

Since he left his home on the side of Stanford University's San Juan hill four years ago to occupy the White House, the community has been "up and doing."

Old red street cars that rattled between the depot and the university campus, are gone. They have been replaced by swift-moving motor busses.

Many Palo Altoans also take pride in the new \$800,000 hotel and in the fact it is called "The President" in honor of the town's distinguished citizen. "Neighbor" Hoover's attention may be called to the new \$450,000 hospital. And there is the \$200,000 post office under construction.

On his arrival about midday Tuesday the President will have an opportunity to note improvements on the Stanford campus.

PLACES DOUBT ON SOURCES OF TONY'S FORTUNE

State Senator Starr Cites Wealth Accrued In Politics

"Can a man start as a wood peddler in the city of Chicago and then rise to become a millionaire several times over within a span of 20 years and do it honestly?" asks Senator Harry Starr of Chicago in speaking of the evil effects of Tony Cermak's political machine in Cook county.

"My friends, Bill Thompson doesn't talk about King George any more. He doesn't have to. King Tony makes George look like 30 cents. If Horner is elected Governor of Illinois Cermak would be the complete czar of the state. Think what would happen to the state treasury!"

Compares Road Costs
Senator Starr said that he was one of a committee which investigated the Chicago sanitary district over which Cermak had control. Although Len Small, while governor, built concrete roads at a cost of less than \$30,000 a mile it cost Cermak's administration \$67,000 a mile for one boulevard and a cinder path for equestrians cost \$261,000 per mile.

Sen. Starr, who was born and reared at Gilman, said that he was a lifelong friend of Len Small. He stated that the people of Chicago recognize his ability as a farmer, a banker, a statesman and an executive who was fair to all sections of the state during his previous terms. Mr. Small was a man who always fulfilled his promises to the people and who reduced the cost of telephone light and transportation rates 44 million dollars during his eight years in office through the appointment of a fearless commerce commission.

Explains Depression
"Why have we got a depression?" asked Sen. Starr. "Because all of our money is in Europe. This money was advanced to warring nations during the Wilson administration and it will never be paid back. As a result we are the most hated nation on earth. Our people can't borrow money to tide them over this trouble because the bulk of it is in Europe. Foreign nations won't trade with us in an attempt to coerce us into cancelling the war debts. Business is now at a standstill. Factories don't want to make goods against which the protective tariff may be removed in the event the Democrats get control of the national government."

Attorney John Mayhew, in reference to the Democratic party in Illinois, said that there is an adage to the effect that "their fruits ye shall know them." He cited the 18-year control of Tony Cermak's machine in Cook county and the present bankrupt condition of Cook county as reason for his opinion.

Cermak Picks Horner
"Tony has publicly stated that Mr. Horner was his choice for Governor," Mr. Mayhew said. "Two other leading Democrats of the state, Bruce Campbell and Michael L. Bruce, told us last spring that it was their wish that Horner should be chosen as Governor. This gang which has failed in its task of governing Chicago has the nerve to ask you to give them control over the state."

Cook county is many million dollars in debt. Let's see just who is successful in governing with low taxes. Look at Len Small's home which has not one cent of debt or bonds outstanding and which had a cash balance in its Treasury at the last audit. Our teachers, firemen and policemen are all paid and not one thing has been cut from the curriculum of the schools. Look at Kankakee county and then compare it with Cook county and you will see who is the success and who is the failure in governing and vote accordingly next Tuesday."

What Democrats Really Think Of Their Candidate

Before he became their candidate for President and when there they could express their real opinion of him without incurring the charge of party disloyalty.

many eminent Democrats told the world what they ACTUALLY thought of Franklin D. Roosevelt. Here are some sample opinions:

William Randolph Hearst: Commenting on the opinion of Eastern Democratic leaders relative to the Roosevelt candidacy.

"They believe the nomination of Roosevelt would make certain the re-election of President Hoover. Of the two men, they accord Hoover more credit for firmness of character, sincerity, or conviction of honesty of political principles, and superior administrative efficiency."

William Gibbs McAdoo: "It is fatuous for the Democratic Party to chase the New York rainbow and in doing so lose the rest of the country. x x x The Democratic Party must keep out of the New York political mess if it is to succeed this year. x x x The people of the United States have lost confidence in New York leadership. They don't believe that Wall Street of Tammany Hall, or either of them, can lead this country in the grave crisis now confronting the nation."

John B. Elliott, now manager of the Roosevelt, Garner, McAdoo campaign in Southern California, said:

"In New York everyone knows that Roosevelt is with Tammany. That this is true is shown by the scathing indictment of the Governor's record made recently by Dr. Stephen Wise."

Mayor Frank Hague, of Jersey City, Eastern Democratic leader:

"I am brought to the conclusion that he (Roosevelt) cannot carry a single state east of the Mississippi and very few in the far west. The Democratic party has a golden opportunity, but for the party at this time to select its weakest man cannot bring the party success."

Milton K. Young, former Democratic candidate for Governor of California:

"Democrats, beware that you are not deceived by a specious plea, symbol or name. A candidate for President x x x must stand or fall on the record he himself has made. Genius is entirely too rare to often adorn the same name or family, an attempt to appropriate by name the renown of another is sure to meet with failure. So, Democrats, beware that you do not cast your votes for a name that will be taken away from you as soon as the party to whom that name belongs makes war on us. It would be as far fetched to attribute to F. D. the qualities of 'T. R.' as it would to invest him with the attributes of Benjamin Franklin."

IMPORTER HOLDS TARIFF IS MOST ESSENTIAL NEED

Head Of Huge New York
Trading Company In
An Open Letter

Convincing evidence of the necessity for a Republican protective tariff on dairy products as well as other farm commodities was offered to the Republican National Committee today by Olaf Hertzwig, New York importer, in a letter setting forth the current practice of European non gold standard countries in dumping butter on the American market in competition with the American farmer.

Despite a payment of 14 cents a pound duty by foreign butter producers and other additional charges, the Hertzwig letter shows that they are still eager to dispose of European dairy products at a net profit of about three cents a pound. It is clearly pointed out that low standards of living and wages in the non gold standard countries demand a high protective tariff, the importer asserts. His letter to the Republican campaign organization follows:

"Republican National Committee
"Bar Building,
"Washington, D. C.
"Gentlemen:

"What better proof of the necessity of a protective tariff could the farmers of this country wish for than the following:

"For about one year my firm has received regular shipments of butter from a European country not on a gold standard, the butter being packed in wooden cases of fifty one-pound cartons, and being wrapped in parchment and wax paper. We were authorized to sell this butter at prices comparable to prices at which domestic butter of similar quality, 92 score, was sold.

"What was the result? The last few shipments were accounted for at a selling price of twenty cents per pound.

"Deducting from this the American duty of fourteen cents a pound, cartage to and from warehouses, storage and insurance charges, agents commission of five per cent, a return of less than four cents per pound would be left. From this we must also deduct the shipping expenses abroad, cost of wooden cases, cartons, parchment and wax paper, cost of packing, refrigeration, ocean freight, ocean insurance, custom house entry charges in U. S. A., and only after deducting these costs and expenses can the foreign shipper arrive at a net profit, which approximate three cents.

"This price of three cents per pound would then be the market price the American farmer or butter producer would have to contend with as a selling price for his product in competition with foreign butter which he is not to the protection of fourteen cents per pound which the tariff provides.

"Our shipper was regularly posted on the prevailing wholesale butter prices in the U. S. A. and was aware of what return we expect. In spite of this low return shipments were continued and only today we received advices that another shipment would come forward.

"Our records substantiating the above statements are open for your inspection.

"We are importing a certain cheese from abroad at a cost of about 12 1/2 cents per pound, including duty of forty per cent. American producers were in vain trying to obtain about twenty cents per pound for a similar cheese but were forced to discontinue production, close their factories and in some cases in order not to be forced out of business were compelled to buy and sell the imported cheese which could be obtained at much less than their own cheese cost to produce.

"Many people have asked me why I as an importer should be in favor of a high or protective tariff. My answer is that I am selling all of these imported goods to the American public. Were we to reduce the tariff or entirely remove the duty on such goods as are produced in our country we would be swamped with cheaper shipments from abroad, which can only result in financial disaster to our factories, reduce employment and eventually we would not find any consumer here able to afford to purchase our imported food products no matter at how low prices the goods were offered.

"Yours very truly,
"Olaf Hertzwig Trading Co., Inc.
